

February

Hello Parents,

Welcome to February, the shortest month of the year! We are excited to share the love with all!

Last month, we began our study of Asia, learnt about climate changes, and worked on winter themed art projects.

We will continue to learn more about the biggest continent this month. We will learn about Volcanos and the different Volcanos around the world. I will be demonstrating a fun Volcano science experiment to the class. Our lesson will include learning about the Parts of a Volcano.

February is the month of hearts! Our artist this month is Jim Dine. We will recreate his heart inspired artwork.

This month will also give us an opportunity to reflect on our Presidents, past and present. We will be reading some books and watching a documentary, which I am sure the children will enjoy.

We will listen to the heartwarming music of Michael Bublé, as he will be our musician of the month.

For our Spanish lesson we will focus on learning Mesa, Escritorio, Sillon, Silla and other terms for furniture items.

We are celebrating Lunar New Year on Tuesday, February 1st. Please feel free to dress your children in traditional attire to celebrate the Lunar year. We will also be working on some Lunar New Year inspired art.

We will be celebrating Valentine's Day on Monday February 14. If your child would like to bring individually wrapped cards or treats to give out to their friends, please send valentines marked "To my friend" from: (your child's name) the children will pass them out on that day. You may send pencils, erasers, stickers, tattoos. etc. for your child to share with their friends. Looking forward a great month ahead.

Ms. Bea and Ms. Linh
