

Hello Parents,

We had a great time at our Harvest Feast! The children enjoyed making their sandwiches and had an enjoyable meal. It is wonderful to see the children working well and learning as we approach the end of the year.

For the month of December, we will be exploring parts of a leaf for botany and talk about the parts of a mammal for our zoology lesson. We will learn about the parts of a moose. We will continue to explore the continents as we travel to Europe and learn about the ancient and unique landmarks that make Europe a must see for all! The palaces, museums and other centers of art and culture are sure to pique the children's interest. Our study of the land and water forms will focus on a peninsula and a lake.

December is also a great month to focus on holidays and festivals from around the world! We will be learning about the various holidays families celebrate, along with the diverse cultures prevalent in the world. I will introduce the children to various celebrations through books and educational documentaries. Our lessons in Spanish will be based on greetings and introductions.

For our special art project this month, we will work on a holiday masterpiece! Our musician of the month will be Wolfgang Amadeus Mozart.

Your children have been working hard for the Holiday show and they can't wait to perform for you! Our Holiday show will be held on Thursday, December 16, at 10:45 am. Please make sure to arrive and be seated on time since we will begin the show as scheduled. We hope that everyone is able to attend!

Happy Birthday to:

December 4- Isaac, December 7- Harper, December 9-Harley

Reminders:

As the weather gets cooler, please remember to send your child with a sweater or jacket with their name written inside.

Thank you for all your support and we look forward to a fun filled December! Have a great holiday break!

Sincerely,

Ms. Yasmin
